COMPANY PROFILE

Building the infrastructure that connects East Africa

INTRODUCTION

Rowla Construction Company Limited is a Nairobi-based engineering and construction company, established in 2010, delivering roads, bridges, water works, building works, solar installations and electrical works across Kenya and the wider East Africa and Horn of Africa region.

We have built our reputation on three things: craftsmanship, integrity and predictable delivery. From national highways and rural access roads to urban water supply and renewable energy, we work with government agencies, county governments and development partners to deliver infrastructure that lasts. Licensed by the National Construction Authority, tax compliant and ISO certified, we bring the discipline of an international contractor and the local knowledge of a company that grew up on these roads.

WHAT WE DO

Full-spectrum construction services

Roads & Bridges

Design and construction of roads, highways and bridges, including rehabilitation and performance-based maintenance.

Water Works

Water supply systems, water pans and earth dams that bring safe water to communities, agriculture and industry.

Solar Works

Solar panel installation and integrated renewable energy systems for institutions, businesses and communities.

Building Works

Quality commercial and institutional buildings delivered on programme, to specification and to budget.

Electrical Works

Installation, upgrades, testing and repair of electrical systems, from design through handover.

Equipment Hire

Graders, excavators, tippers, rollers and more, available for hire across Kenya and the region.

WHO WE ARE

Vision & Mission

Our Vision

To be the most trusted engineering and construction partner in East Africa, recognised for infrastructure that connects people, powers progress and lasts for generations.

Our Mission

To deliver roads, water, solar and building works of the highest standard, on time and on budget, through skilled people, modern equipment and uncompromising integrity.

Our values

Integrity
We do what we say, and we say it openly.

Quality
Craftsmanship and ISO-certified processes on every site.

Reliability
Predictable delivery that respects your timeline and budget.

Sustainability
Infrastructure designed to serve communities for decades.

LICENSED & COMPLIANT

Rowla holds a valid Tax Compliance Certificate and National Construction Authority road works licence and certificate, and operates a quality management system certified to ISO standards.

OUR FLEET

A modern fleet of owned equipment keeps our projects moving, and is also available for hire across Kenya and select East African markets.

- Motor graders
- Excavators
- Tipper trucks
- Rollers
- Stone crusher
- Wheeled loaders / shovels
- Bitumen distributors
- Water bowsers

WHAT OUR CLIENTS SAY

> *"Rowla Construction delivered our road project on time and within budget. Their professionalism and attention to detail were outstanding."*
> **Project Manager, KeNHA**

> *"Professional, punctual, and reliable — Rowla delivered our infrastructure project beyond expectations."*
> **County Engineer, Wajir County**

WHY ROWLA

Why choose us

Clients return to Rowla because we combine capability, accountability and care for the communities our projects serve.

01 Proven public-sector track record

Roads, bridges and water projects delivered for national agencies and governments across Kenya, South Sudan and Somalia.

02 On time, on budget

Careful planning and predictable project delivery that respects your timeline and your budget.

03 Licensed, compliant and certified

National Construction Authority licensed, tax compliant and ISO certified, with quality built into every stage.

04 Full-spectrum capability

Roads, bridges, water works, building works, solar and electrical works under one roof, with one accountable team.

05 Our own modern fleet

Graders, excavators, tippers, rollers and more, so we mobilise quickly and keep control of the programme.

06 Rooted in the region since 2010

Local knowledge and regional experience, with the discipline of an international contractor.

HOW WE WORK

Our delivery approach

A clear, disciplined process from first site visit to final handover.

1. **Plan**
   We study the scope, site conditions and programme, and agree the method, resources and milestones before we mobilise.
2. **Mobilise**
   Our team, plant and materials arrive on site on schedule, with safety, environmental and community requirements in place.
3. **Build**
   Skilled crews and our own fleet deliver to specification, with supervision and progress tracking against the programme.
4. **Assure**
   Quality checks, testing and inspection at every stage under our ISO-certified processes, so work is right the first time.
5. **Hand over**
   Completion, documentation and handover to the client, with attention to defects and lasting performance.

OUR CLIENTS

Trusted by public institutions across the region

We deliver for the national agencies, county governments and international bodies that shape infrastructure in East Africa and the Horn of Africa. Our full client register:

PROJECT DETAILS

Selected projects in detail

01 Construction of Gotu Bridge & Approach Roads

CLIENT	Kenya Rural Roads Authority (KeRRA)
LOCATION	Isiolo, Kenya
SECTOR	Roads & Bridges
CONTRACT VALUE	**KES 1.8 billion**
SCOPE	Construction of a bridge together with its approach roads.

02 Kainuk–Marich Pass Road

CLIENT	Kenya National Highways Authority (KeNHA)
LOCATION	Kenya
SECTOR	Roads & Bridges
CONTRACT VALUE	**KES 2.0 billion**
SCOPE	Performance-based contract for emergency maintenance of the JN B4 (Marich Pass) – Kainuk (KWS Gate) (A1) road.

03 Elementaita–Ndabibi Road Project

CLIENT	Kenya Rural Roads Authority (KeRRA)
LOCATION	Kenya
SECTOR	Roads & Bridges
CONTRACT VALUE	**KES 3.4 billion**
SCOPE	Road construction project.

04 Juba–Nimule Road Rehabilitation

CLIENT	Ministry of Roads and Bridges, Government of South Sudan
LOCATION	South Sudan
SECTOR	Roads & Bridges
CONTRACT VALUE	**USD 36,218,200.00**
SCOPE	Rehabilitation of the Juba–Nimule road corridor.

05 Juba City Clean Water Supply Project

CLIENT	South Sudan Urban Water Corporation (SSUWC) / Government of South Sudan
LOCATION	Juba, South Sudan
SECTOR	Water Works
CONTRACT VALUE	**USD 14,641,400.00**
SCOPE	Clean water supply for Juba city, delivered with JICA cooperation.

06 Galkayo–Xarfo Road

CLIENT	Federal Government of Somalia, Ministry of Public Works, Reconstruction & Housing
LOCATION	Somalia
SECTOR	Roads & Bridges
CONTRACT VALUE	**USD 36,988,800.00**
SCOPE	Road construction and reconstruction works.
